Comment: The establishment of Kleine Sekretariate as miniature editions of the Polithdro at Land Level was of course envisaged as a result of the 16th Tagung of the SED Parteivorstand on 24 January 1949 (when the Polithdro was set up). According to "Vorwaerts" (the SED Berlin newspaper) on 9 April the Kleine Sekretariat of the SED Landesvorstand Gross-Berlin consists of Jendretzky, Ernst Hoffmann (Stell-vertratender Vorsitzender of the Landesvorstand). Friedrich Ebert, Waldemar Schmit (Stadtrat and head of Personnel Department in the Russian Sector Administration), Bruno Daum, Heinz Hoffman and Alfred Lowak (Sekretaer in the landesvorband). It is interesting to note that meetings of the Kleine Sekretariat will follow those of the Polithdro and will not be held separately: the presence of Ebert on both bodies enables decisions to be transmitted easily.
